

# PRESS RELEASE FETISH

SEVEN STEPS TO THE GREEN DOOR are back with their 4<sup>th</sup> album, which is a most convincing successor to 2011 concept album, THE?BOOK, which received rave reviews and amazing feedback world-wide from fans of progressive crossover / rock music.

Featuring original band members: Marek Arnold (Toxic Smile, UPF, Cyril, Flaming Row) and Ulf Reinhardt the new album is very convincing with a new sound and exciting stylistic variety. Offering 8 songs from 7 to 16 minutes in length, FETISH retains the trademark typical of the band with catchy melodies and sophisticated polyrhythmic structures.

A great addition to the line-up is new guitar player Martin Schnella (Flaming Row), giving the album an even more powerful sound and complex vocal arrangements.

Alongside the distinctive voices of Lars Köhler and Anne Trautmann, FETISH includes eight additional singers: (including Arno Menses/Subsignal) and many magnificent guest players like Steve Unruh (UPF) and Dan Mash (UPF, ex-The Tangent, Maschine).

The CD will be released as a digibook, preorders receive a special added gift.
